National Nuclear Security Administration/Kansas City Field Office

NEPA ID #: KCNCS 18-05

Activity Location: KCNCS – TA-193

- A. Description of Proposed Action: (1 or 2 sentences; include title, general activities, location, timeframe)
NCR: KCNCS18-05, TA-193 Infrastructure, Routine maintenance activities and custodial services for existing buildings, structures, vehicles and equipment and the siting, construction or modification, and operation of support buildings and support structures will be confined to existing gravel areas. September 2018 – September 2022.
- B. Number and Title of the Categorical Exclusion Being Applied: (See text in 10 CFR 1021, Subpart D.)
B1.3 Routine Maintenance; B1.4 Air conditioning systems for existing equipment, B1.7 Electronic Equipment, B1.11 Fencing, B1.15 Support Buildings, B2.2 Building and equipment instrumentation
- C. Regulatory Requirements in 10 CFR 1021.410 (b): (See full text in regulation.)

- (1) The proposed action fits within a class of actions that is listed in Appendix A or B to Subpart D.

For classes of actions listed in Appendix B, the following conditions are integral elements; i.e., to fit within a class, the proposal must not:

- (1) Threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and health, or similar requirements of DOE or Executive Orders;
 - (2) Require siting, construction, or major expansion of waste storage, disposal, recovery, or treatment facilities, but may include such categorically excluded facilities;
 - (3) Disturb hazardous substances, pollutants, contaminants, or CERCLA-excluded petroleum and natural gas products that pre-exist in the environment such that there would be uncontrolled or unpermitted releases;
 - (4) Have the potential to cause significant impacts on environmentally sensitive resources (including but not limited to those listed in paragraph B.(4))²; or
 - (5) Involve genetically engineered organisms, synthetic biology, governmentally designated noxious weeds, or invasive species, unless the proposed activity would be contained or confined in a manner designed and operated to prevent unauthorized release into the environment.
- (2) There are no extraordinary circumstances related to the proposal that may affect the significance of the environmental effects of the proposal; and
- (3) The proposal has not been segmented to meet the definition of a categorical exclusion, the proposal is not "connected" to other actions with potentially significant impacts, is not related to other actions with individually insignificant but cumulatively significant impacts, and is not precluded by 40 CFR 1506.1 or 10 CFR 1021.211.

D. Determination:

Based on my review of information conveyed to me and in my possession (or attached) concerning the proposed action, as NEPA Compliance Officer (as authorized under DOE Order 451.1A), I have determined that the proposed action fits within the specified class of actions, the other regulatory requirements set forth above are met, and the proposed action is hereby categorically excluded from further NEPA review.
