From the onset of the COVID-19 pandemic, KCNSC has been proactively taking precautionary measures to protect the health and safety of our employees, visitors and suppliers. We’ve established numerous administrative and engineering controls aimed at minimizing potential virus exposure or spread, such as stringent social distancing methods, the availability of personal protection equipment and temperature screenings at entrances. These actions have positioned us to continue working toward a return to a new normal operations in a COVID-19 environment.

At this time, only mission-critical visits are allowed at KCNSC sites. Please work with your host to determine if a site visit is permissible. If your visit is approved, you will be required to review COVID-19 safety precautions training when you arrive. All precautionary measures at the KCNSC are closely aligned with guidance promulgated by the CDC, and all applicable federal, state, and local requirements regarding COVID-19.

As a further precaution, we require face masks/coverings when entering our facility and conduct temperature checks for all individuals entering the facility. Individuals with a temperature of a 100.4 degrees or higher may not enter. Please stay in contact with your host.

The Department of Energy and National Nuclear Security Administration have recently updated their COVID-19 Safety Plans to include the requirement for anyone accessing a Federal facility to submit a vaccination attestation. This attestation is applicable to all employees, subcontractor employees and visitors coming to a DOE site/facility to attest to the truthfulness of their vaccination status as fully vaccinated, not yet fully vaccinated, unvaccinated, or decline to respond.

Vaccination Attestation - Proof of Vaccination Status
Consistent with this requirement, KCNSC must capture the vaccination status of our visitors who come on-site. Vaccination attestation will begin Friday, September 17, and will be done in accordance with applicable laws, including the Privacy Act.

Visitors to KCNSC facilities will be required to complete a Certification of Vaccination form attesting to the truthfulness of their response. KCNSC will not maintain the Certifications from visitors; however, visitors must keep the form with them during their time in a KCNSC facility.

Close Contact Guidance:
If you are fully vaccinated and have had a close contact with a person who tested positive for COVID-19:
• Self-monitor for symptoms and stay away if you are feeling ill.
• Get a viral test 3-5 days after the exposure. If the test is positive, see below: “If you have tested positive for COVID-19.”

If you are not fully vaccinated and have had a close contact with a person who tested positive for COVID-19:
• You must not enter the facility for 14 days following the close contact unless you show proof of a negative test result and it has been 10 days from the close contact.

If you have tested positive for COVID-19:
• You must not enter the facility until it has been at least 10 days since your onset of symptoms AND you have been fever-free without the use of fever-reducing medications for 24 hours AND your symptoms have significantly improved.

Test results will only be accepted from a testing center. No at-home test results will be accepted as proof.

International Travel:
• International and High Risk areas: The KCNSC follows CDC’s Guidance for International Travel.

KCNSC continues to closely monitoring the situation involving the COVID-19 virus. We will maintain our safety practices and continue social distancing activities until the safety/medical guidance from the appropriate agencies remove those recommendations. Thank you for your understanding during this challenging time.
Our New Mexico Operations—part of the Kansas City National Security Campus—focuses on custom electrical and mechanical components and systems. Included in that mission is secure transportation, secure communication, field training support, mission applications, training, and technical documentation. National security services is another mission focus for NMO, which includes emergency response support, asset security support, and force-on-force support.

WELCOME
We’re looking forward to your visit to the Department of Energy’s Kansas City National Security Campus New Mexico Operations. Here are details and materials to help you prepare for your visit.

GETTING HERE
KCNSC NMO is located about 2 miles north of the Albuquerque International Sunport (ABQ). Rental car agencies are available at the airport. Albuquerque Area Google Maps

Our main building address is
2445 Alamo Ave SE
Albuquerque, NM 87106

PARKING
Visitor parking is identified by the green shading on the attached map. The entrance to Alamo—our main building—is on the west side. The map also identifies the other buildings that make up our campus.

SECURITY
Please be aware that all visitors must be U.S. Citizens and present valid photo ID. If visitors are from states that are not compliant with the Real ID Act, they must present a second form of ID: military ID, a U.S. passport or other photo ID issued by a local or state government entity. If second form of ID is not available, the individual must either be denied entry or escorted by someone at all times. More information can be found at: http://www.dhs.gov/real-id-public-faqs

Please note that video, image and audio recording is NOT allowed at the Kansas City National Security Campus New Mexico Operations without Security approval.

There are a limited number of self-serve lockers to hold controlled items such as cell phones.

If you already have an HSPD-12/PIV badge from another DOE/NNSA site, you may pre-register for access to the KCNSC NMO at: https://fmt.kcp.com/vrac/visitor/prereg/ssnauth/infoemail

HOTELS
Albuquerque offers many choices for lodging during your stay. Check out www.visitalbuquerque.org/hotels for a listing.

RESTAURANTS
Albuquerque offers many great dining options to both residents and visitors. One of the best resources we have found is the Visit Albuquerque site, www.visitalbuquerque.org/restaurants.

When people think of Albuquerque, most think of Mexican food specialties. A common question asked of first-time visitors is, “Red or green?” Chile, that is. A favorite among employees is Cervantes, located at 5801 Gibson Boulevard Southeast, ABQ, NM 87108, 505-262-2253.

THINGS TO DO
From balloon rides over the Rio Grande to outdoor activities in the Sandia Mountains to the historical significance of Old Town, there’s always something to do in Albuquerque! Check out visitalbuquerque.org for more info.
